7. Key Recommendations

Revenue Decline: Store revenue fell ~16% day-over-day. Investigate what drove May 5 peak (paid ads, email blast) and replicate.

Patent Kitten Slingback Pumps: 4 colorways × ~78 units = ~312 units of dead stock. Run an urgent discount or bundle promotion.

Platform Styles: Closed Platform Pumps, Round Toe Platform Ankle Strap Pumps & Suede Fringe Platform Sandals total 240+ idle units. Consider repositioning with content or influencer seeding.

Sneakers Gold Buckle Strap: All 4 colorways at 0 sales (~240 units). May need better product photography or a targeted campaign.

Suede Slides Fringe Stones: Entire 4-color line at 1 order each. Low price point (EGP 1,499) — test a flash sale or 2-for-1 offer.

COD Note: Shopify conversion metrics understate actual performance since COD orders bypass standard checkout tracking. Use order count as the primary KPI.
